Lab Accreditations & Certifications

TTI

STATEMENT OF QUALIFICATIONS

INTRODUCTION

TTI Environmental Laboratory is located in Arlington, Texas and provides analytical laboratory services, which include organic chemical analysis, inorganic chemical analysis and physical property testing. Quality Control (QC) and Quality Assurance (QA) protocols for routine laboratory operations are briefly explained below.

TTI Environmental Services is committed to providing analytical data, which is precise, accurate, and complies with all applicable state and federal quality control guidelines. The Quality Assurance/Quality Control (QA/QC) Program is defined in further detail in the QA/QC Plan and the Laboratory Standard Operating Procedures (SOP) Manual. The QA/QC procedures implemented in this plan will meet or exceed the EPA recommended guidelines.

The Laboratory Manager is responsible for the implementation of the QA/QC program. The Quality Assurance Supervisor assures that the facility, equipment, personnel, methods, quality control procedures and records are in conformance with TTI's SOP's and applicable state and federal quality control guidelines.

The laboratory methods referenced in this manual were published in "Standard Methods for the Examination of Water and Wastewater" (American Public Health Administration), "Test Methods for Evaluating Solid Waste, Physical, Chemical, Methods", and "Methods for the Analysis of Water and Wastewater", (U.S. Environmental Protection Agency).

Quality Assurance at TTI involves independent functions performed in the laboratory, which provide adequate confidence in reported analytical data. These functions are described in the SOQ in full detail:

- * Facilities and Major Instrumentation
- * Position Responsibilities
- * Sample Flow Through Laboratory
- * Sample Management
- * Laboratory Control Procedures
- * Data Quality Control Processing
- * Data Management and Corrective Action
- * Analytical Procedures
- * Quality Assurance Policy
- * Container Preparation

LABORATORY SIZE

Presently, TTI laboratory currently owns and occupies a 12,000 ft² laboratory that has 4 completely independent air handling systems to minimize any cross contamination.

2117 Arlington Downs Road
Arlington, Texas 76011
Phone: (817) 861-5322

Accreditations/Organizations:

- ◆ Texas Commission on Environmental Quality (TCEQ) NELAP Accredited
- ◆ North Central Texas Regional Certification Agency (NCTRCA)
- ◆ NELAP Certificate No. T104704325
- ◆ Minority / Women Owned Business
- ◆ State of Texas – HUB
- ◆ Texas Department of Transportation (TxDOT)
- ◆ American Society of Testing Materials (ASTM)
- ◆ American Chemical Society (ACS)
- ◆ National Association of Corrosion Engineers (NACE)
- ◆ Society of Petroleum Engineers (SPE-AIME)
- ◆ Texas Water Utilities Associations (TWUA)
- ◆ American Institute of Chemists (AIC)
- ◆ NACE Technical Committees
- ◆ ASTM Technical Committees

Accutest Gulf Coast
10165 Harwin Drive
Suite 150
Houston, TX 77036

Certifications:

NELAC (1) National Environmental Laboratory Accreditation

USACE (2) United States Army Corp of Engineers

USDOA (4) US Dept of Agriculture (Foreign Soils Permit)

ERMI Corporate Headquarters
400 West Bethany Road Suite 190
Allen, Texas 75013

Certifications:

National Environmental Laboratories Accreditation Program (NELAP) Certification
Certification # T104704232-08D-TX

XENCO LABORATORIES

**9701 Harry Hines Blvd
Dallas, TX 75220
Ph: (214) 902-0300
Fax: (214) 351-9139**

Certifications & Accreditations:

Texas Commission on Environmental Quality NELAC Certification

North Central Texas Regional Certification Agency: Minority Business Enterprise (MBE)

Certificate ID# HMMB37699Y0609

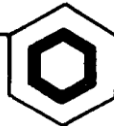

State of Texas Historically Underutilized Business Certification (HUB)
Certificate/VID Number: 1760312950700

Texas Department of State Health Services Asbestos Laboratory (PLM)
License #:300364

United States Department of Commerce Bulk Asbestos Fiber Analysis (PLM)
NVLAP Lab Code: 200765-0

ANACON, INC.

730 FM 1959
HOUSTON, TX 77034

ANALYTICAL AND CONSULTING LABORATORIES
