"I wanted to send a thank you to all employees of AirCheckTexas, for approving me for the program. You gave me the opportunity to replace my 12 year old vehicle for a new one. This was an opportunity that I otherwise would not have had. I have owned my car now for almost a month and I will keep it for at least 10 years, if not longer. People like me experiencing economic hardship at this time have to be grateful for programs like this to help. I know I am and I hope it continues in the future."
