Don't these people understand if the base closes their property values will go in the toilet?

(These people) are the ones complaining about the disclosure issue devaluing their property.

I don't like the name change - I like Friends of the Base.

I am very supportive of the base, and do not wish to see it closed. However, I fear the recommendations of this committee may be "too little, too late" - given the tremendous amount of development occurring just to the south of the base and just to the east. I also fear the need for a "noise disclosure" is ridiculous.

Lastly, regarding item #16 in attachment 2 - is it a good idea to state that the "FOB Board shall support all DOD recommended updates to the noise and safety zones." Will the DOD have the best interest of the community at heart?

Thank you for your work regarding this.

I am in favor of aggressive efforts to protect the base by focusing on CZ, APZ1 & APZ2 which are clearly the most vital areas. I am opposed to zoning restrictions, use restrictions and additional development occurring on any raw land not contained in the vital zones.

First, the committee/officers need better communication skills.

Indicate where you can admit meeting places. Male speaker

The mission of Fort Worth should consider taking
an active leadership position with all cities involved
in the development of the counties. A coordinator can be
appointed to oversee this and coordinate with the
Congress and DoD.
