* Pie slices are shaded using the same color used for that county's background, e.g., dark purple for Dallas County.
* White slices represent all other areas combined, which include counties having less than 4% as well as areas outside the region.
* As an example, you can see that of the people working in Collin County, about 3/5 are from Collin County, about 1/4 are from Dallas County, and small fractions are from Rockwall County and other places.
