Public Meetings to Present Preliminary Vision for Garland Road Corridor

DALLAS, TX – The public is invited to see and comment on the preliminary recommendations for the future of Garland Road at either of two upcoming public meetings.

The Garland Road Vision Advisory Committee, and its partners, the City of Dallas, the North Central Texas Council of Governments (NCTCOG), and the Texas Department of Transportation (TxDOT), will conduct public meetings March 25 and April 8 in Dallas. The same information will be presented at both meetings.

Using comments and input from local citizens, businesses, and officials, the Garland Road Vision Study will provide preliminary recommendations for beautifying the roadway corridor, stimulating economic development, and improving traffic conditions. The public meetings will provide an opportunity for interested parties to see the results of the work completed to-date on the study, and to provide feedback before the recommendations are finalized.

The limits of the study generally are from IH-635 south to Gaston Avenue. More information about the study is available at www.garlandroadvision.org.
