Public Meeting to Present the Garland Road Vision study document

You are invited to hear about the study recommendations for the future of Garland Road at the upcoming public meeting prior to the formal presentation to the City of Dallas Plan Commission and City Council.

The Garland Road Vision Advisory Committee, and its partners, the City of Dallas, the North Central Texas Council of Governments (NCTCOG), and the Texas Department of Transportation (TxDOT), will conduct a public meeting December 6, 2010 in Dallas.

This community led study resulted from comments and input from local citizens, businesses, and officials. The Garland Road Vision Study includes recommendations for beautifying the roadway corridor, stimulating economic development, and improving traffic conditions. The public meeting will provide an opportunity for interested parties to see the results of the work completed to-date on the study.

The limits of the study generally are from IH-635 south to Gaston Avenue. More information about the study is available at www.garlandroadvision.org.
